

## I Have... Who Has... ?

Players 3 - 24

### Materials

- Deck of I Have... Who Has ...? cards

### How to play

1. Deal all cards among all players. Card distribution may not be equal.
2. Player one reads the question located on one of the cards in his or her hand. The player who has that answer says, "I have \_\_\_\_." Then player 2 reads the question on that same card "Who has \_\_\_\_?" and places the card face down.
3. Play continues in this manner until all cards have been placed face down.
